BA Fresher Program

Ignite your BA career

Overview

The **Business Analyst Fresher program** is an intensive development and training program designed to prepare final-year university students and recent graduates in any discipline for a successful career as a Business Analyst.

By participating in this program, you will directly learn from our BA experts and obtain hands-on experience in all aspects of business analysis. In addition to classroom instruction, you will also get the chance to be exposed to real-world business problems while working with our leading global clients, gaining more valuable knowledge and experience in a practical context to become a true Business Analyst.

Join our program now to kick-start your Business Analyst career growth story!

What we offer
